## Thrilled And Honored: NEW SCORES ARE OUT!

We are so excited to share these amazing scores for our 2012 wines from **Wine Spectator** (article to the right), **International Wine Cellar**, **Antonio Galloni** (Vinous Media) & **Wine Enthusiast**.

Our 2011 Blanc de Blancs will be featured in the **Wine Enthusiast** December Issue. This bottling is still available through select distributors. Our 2012 Blanc de Blancs will be available this fall.

2012 is a very special vintage for us, as it marks the first series of wines that feature our estate vineyards, which we exclusively farm for our **Ground to Glass** program.

Read the Wine Spectator Insider >

It is always so nice to be recognized. With the craze of this year's harvest and the many hours spent in the vineyards and cellar, we are grateful to receive these incredible scores. Now, back to our harvest schedule, it's an exciting vintage!

## 2011 3D SPARKLING CHARDONNAY

*Traditional Méthode Champenoise sparkling wine.*

Inspired by the quality of fruit produced from our estate farmed 3D vineyard, we've chosen to continue our bubbles program with a "Blanc de Blancs" style sparkling wine. This is the second vintage of our sparkling wine made in the traditional Méthode Champenoise and hand disgorged at Brewer-Clifton winery.
