The mustards are in bloom and the sun is shining – a sure sign of spring here in the Napa Valley! Our vines are waking up from their deep winter slumber and, with a few more days of rain in the forecast, we will be looking forward to budding in the vineyards! This outstanding weather is getting us very excited to release some of our spring favorites: **2019 CADE Sauvignon Blanc, Napa Valley** and the **2017 CADE Reserve Cabernet Sauvignon, Howell Mountain**.

Nothing pairs better with warm weather than a glass of CADE Sauvignon Blanc! Danielle Cyrot has achieved an incredible level of sophistication in a bottle that is so easy to drink and she does so consistently each year. The wow factors behind this wine are layers of flavor from 7 vineyards sources combined with multiple ferments using French oak, stainless steel drums and tanks – a long and tedious process – but oh so worth it! **2019 CADE Sauvignon Blanc** has aromas of pineapple, tangerine, honeydew melon, yellow apple, peach blossom, lime, white flowers and cantaloupe; with flavors of pear, lemon, lime zest, orange peel, cream soda, toasted nuts, citrus, lemon meringue and grapefruit. There is a touch of minerality, balanced by a rounded mid-palate and a bright, tangy citrus finish.

The pinnacle wine of CADE Estate is our Reserve bottling. The **2017 CADE Reserve Cabernet Sauvignon** features fruit from our newly acquired property on Howell Mountain, 13th Vineyard. This wine has amazing aromas of boysenberry jam, black cherry, milk chocolate, roasted coffee, rose petal and brown spices. On the palate are flavors of raspberry, cherry cola, dark chocolate, caramel, vanilla, black pepper and raspberry. The texture is exceptionally silky, balanced by power, intensity and persistence which showcases the beauty and structure of our hillside vineyards. Jeb Dunnuck stamped a massive **98 points** on this bottle and said, “This classic, sexy tour de force in 2017 Howell Mountain Cabernet Sauvignon has everything in the right places, no hard edges, and a great finish. Drink it any time over the coming 30 years or more.” We agree and are grateful for the kind words.
