

ROSÉ WITH BUBBLES

About Square Peg

We have been sustainably farming premium quality grapes in the heart of the Russian River Valley for over 3 decades. Partnering with one of the most experienced winemakers in the business, we have leveraged our combined strengths to create this remarkable sparkling Rosé wine.

Winemaking

Our canned Rosé is a blend of Grenache and Pinot Noir grapes sourced from vineyards in the Russian River Valley and North Coast AVA's. This is a true Rosé with clusters being pressed whole and then gently transferred to stainless steel tanks and neutral oak barrels for fermentation. The wine is lightly carbonated prior to canning. 900 cases produced.

Tasting Notes

Characterized by subtle notes of fresh strawberry and melon, balanced acidity in the mid-palate gives way to a slightly effervescent and soft finish. This refreshing Rosé is the perfect choice to enjoy on its own or to pair with variety of foods.

Each 355ml/12oz can equals just over 2 glasses of wine
