

SANS Rouge Natural Wine Spritzer 250ml

WINE SPECS

- 4.6% ABV
- 75 calories
- Ingredients: Organic Wine Grapes
- No added sulfites, only naturally occurring sulfites
- Certified USDA Organic
- Certified CCOF Organic

Produced as a Piquette, our SANS Rouge Natural Wine Spritzer was made by rehydrating the red wine grape pomace that is usually discarded after pressing the juice off of the skins. We fermented the pomace with native yeasts and then let the beautiful, low ABV juice settle in stainless steel tank before carbonation. Drink chilled!

We used CCOF organic red wine grapes, from our Carignan pomace. Aromas and flavors of raspberries, pomegranate juice and rose petals. No sugar added. Fresh, lively, quaffable.

Sans Wine Co. is the first producer of premium canned wine in the Napa Valley, founded in 2015 by husband and wife team, Jake Stover and Gina Schober. All wines are produced by Sans Wine Co. in a CCOF Organic Winery.

"GLOU GLOU" is stamped on the bottom of the can
- A French term for "glug glug," the sound one makes while chugging something delicious.
