

2022 divergent vine

Sierra Foothills, 'Touch of Gray Rock', Red

Sangiovese, Zinfandel, Primitivo -Sustainable

Cuvée - Sangiovese - Placerville AVA, Zinfandel - Placerville & Fair Play AVA, Primitivo - 'Gold Dust Vineyard'.

Vineyard: Various & 'Gold Dust Vineyard', FAIR PLAY, **SIERRA FOOTHILLS**

Vine Age: 5-23 years

Soil Type: decomposed granite and red volcanic

Fun Facts: Our first vintage working with some of our neighbors in the Sierra Foothills with 46% Zinfandel coming from a vineyard in Fair Play with the decomposed granite soils as well as from a vineyard near Apple Hill with volcanic and the 46% Sangiovese coming from the same volcanic, 3,500' elevation. We finished it off with our 8% 'Touch of Gray Rock' Estate Primitivo. We chose the name because we added just a "Touch of Gray Rock" or grapes from our vineyard, which is located on Gray Rock Road in Somerset, CA.

Winemaking: 25% whole cluster which was natively fermented separately for about 25 days. We pressed off into old French Oak and aged it 8 months before bottling unfinned & unfiltered.

Tasting Notes: The wine introduces itself with a pop of red fruit, think Maraschino Cherry, juicy mouthfeel, lightly crushed fresh raspberry, pomegranate, rose, baking spices and savory herbs with elevated acid and tannin.
